Subject: RE: Ongoing Allied Groundwater discussions

Michael,

I am fairly open this week for a call. I am unable to meet on 1/15 and 1/16 of next week, but am fairly open the other days.

Subject: FW: Ongoing Allied Groundwater discussions

All,

I hope that you all had a nice holiday and a fun New Year. I corresponded with Mike Wetzel and it looks like they will be ready to meet during the week of January 16th.

Please let me know about your availability for a follow-up meeting with the city of Kalamazoo during the week of January 13th. The meeting would be in Kalamazoo.

Also, please let me know your availability during the prior week for a preparatory phone conference.

Thanks,

Michael

Michael –

We should be ready to meet with you sometime that week. I'll check in with John and Rick to confirm their availability that week. I'll confirm with you early next week. The monitoring well information was helpful, thanks.

Happy New Year to you as well,
Mike

Subject: Ongoing Allied Groundwater discussions

Mike,
I hope that you had a nice holiday. I am not sure if you are on break, but I just wanted follow up on my December 16 email and see if you guys were available to have a second meeting on groundwater sampling during the week of January 16th. I also attached information on the wells used by Arcadis in their 2009 groundwater study. I hope that was helpful.
Thanks and happy new year,
Michael
